Accreditation

The EAU is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net.

The 11th Central European Meeting is designated for a maximum of 9 hours of European external CME credits.

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

The EACCME credit system is based on 1 ECMEC per hour with a maximum of 3 ECMECs for half a day and 6 ECMECs for a full-day event.

In order to acquire these credits, participants can have their EU-ACME card scanned at the EAU Registration Desk or fill in their EU-ACME registration number on their Certificate of Attendance and fax it to the EU-ACME office: +31 (0)26 389 0848.
